

DESIGN AND CONSTRUCTION OF PRE-CAST CONCRETE SEGMENTAL RETAINING WALL

LOCATION:	Innisfail, QLD
PRINCIPAL:	Cassowary Coast Regional Council
PERIOD:	June to September 2013
REFERENCE:	Glenda Visini CCRC Innisfail - Phone: 07 4043 8831
VALUE OF WORKS:	\$287,428.70
MAJOR SUBCONTRACTORS/SUPPLIERS:	Concrib, Tully Mini Earthworks
PROCUREMENT SYSTEM:	Traditional (Lump Sum)
SERVICE CATEGORY:	New Works
PROJECT TYPE:	Civil Works

DETAILS: The works involved the design and construction of a 93m long retaining wall to support a widening of a shared footpath/cycle way to be constructed by council above the wall. Works involved excavation next to major telephone lines, and power pole. A pre-cast concrete segmental wall via Concrib was selected due to its minimal footprint in comparison with other alternatives looked at.
